

# Get your School future ready, **Today!**

# Welcome to **Newton!**

Newton is a modern, powerful and unified educational management system that helps you run your School more intelligently...

With Newton, your School can deliver a truly world-class educational experience to your Students and Parents.

## #1 Most Powerful Educational Management System!

Newton is a seamless & integrated experience, purpose-built for ease of use, speed and reliability. With Newton, lesser time is spent on using the software, and more time on Teaching and Administration.

### Improve Student Outcomes

Create a productive and organized environment for students to learn and grow. Identify students in need and give personalised attention.

### Enhance Teacher Effectiveness

Measure & analyse grade-wise academic progress. Automate manual tasks & track teacher performance to ensure high teaching outcomes.

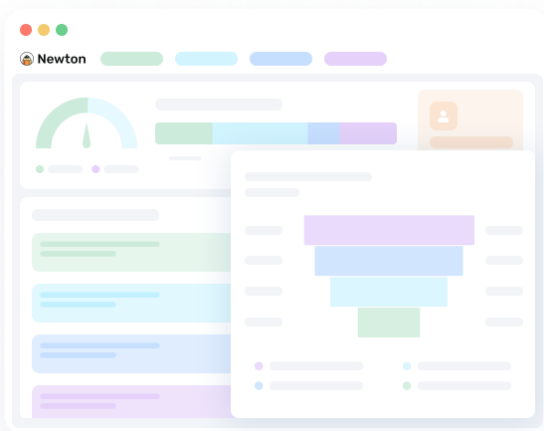

### Become an Operations Wizard

Get full visibility of your Non-Academic functions. Efficiently track daily progress & operational activity to ensure you with your yearly goals.

# Newton is Feature Rich and **Future Proof!**

With its continuous tracking of Academics and Non-Academic Operations – Newton connects various departments to a secure centralised system. Automate processes, digitise operations and increase the overall efficiency of your School.

# Experience a **Fresh, Modern** approach to School Management

ERPs are very hard to use for Admins, Teachers and Staff – until now. With Newton, we are carefully consumerising Enterprise technology by giving educational institutions access to unprecedented power, helping them reach their full potential.

With the power of Newton, *there will be no looking back for your School!*

## **Save Money**

No more paper to buy or reports to print. No need for any new hardware or infrastructure setup. Manage your operations better and become more efficient - reducing your overheads.

## **Save Time**

Newton is a seamless & integrated experience, precision built for ease of use, speed and reliability - spend less time using the software and more time teaching and on efficient administration.

## **Grow your School**

Gain a technological advantage over your competitors and differentiate your institute. Make data-driven decisions to increase enrolment, learning outcomes and parent satisfaction.

# Why **Newton**?

**Newton is transformational for all Stakeholders!**

With Newton, you don't just get an ERP, you get a Digital Transformation Platform. With Newton, our partner Schools have witnessed a transformation in just **4 Weeks!**

## **For Admins**

Get complete visibility of your School's day-to-day activities. Automate operations, boost efficiency and reduce overheads with the most powerful School Management System by your side.

## **For Teachers**

Spend lesser time doing redundant and manual work and more time teaching. Become more effective by giving personalized attention to your Students – significantly improving their learning outcomes.

## **For Students**

Get a digital companion that assists you throughout your learning journey. Track upcoming activities and get 24x7 access to your learning resources – while staying connected to your peers.

## **For Parents**

Tune into how your child is learning and become an integral part of their learning progress. Stay up to date with all School activities and manage your child's account with ease.

## **About SURREAL**

At Surreal, we believe in high quality education for every child – enabled by Technology. We believe education is one of the greatest determinants of childhood outcomes and has a lasting Social and Economic impact.

We want to create a future where all Schools in our country deliver world-class, personalized education for their students. We enable these institutes not only to educate them but also to prepare them for the future; to help them choose and attain a life career of their choice based on their individual interests and strengths – all with the power of Technology and Data Analytics.

# After-Sales Support

No ERP can cause a transformation on its own – without strong support from the provider. At Newton, we believe Customer Success is more than delivering just service or support.

For us, deploying Newton in your School is just the “First Step”. You no longer have to raise a request and wait for weeks to get an update and have your resolution resolved. ***Our Success lies only in your Success!***

You get a dedicated School Success Manager

Whatsapp & Call support, with < 24 hrs resolution time

Live + Online hands-on user training sessions before deployment

Online Video tutorials for revision of individual features

Monthly Usage Reports shared with School Management

Identify & Train weak users with custom training sessions

## Are you ready for the Newton Revolution?
